PERSONAL WEBSITE - DARZOURAS.ME

Built using Bootstrap and some Javascript, this page highlights my projects and coursework. It is regularly revised and updated to reflect new projects and skills.

BUBBLE CHAMBER - [GITHUB.COM/DARZOURAS/BUBBLECHAMBER](https://github.com/darzouras/bubblechamber)

This drawing board was built over a couple weeks between school sessions. It is built using Electron and I hope in the future to include user functionality through Firebase for an interconnected experience.

Education

Oregon State University - BS Computer Science - Expected graduation December 2017

University of Illinois - MEd Art Education - May 2014

Loyola University Chicago - BA Studio Art - May 2011

Work history

BARISTA, PEKARA BAKERY AND BISTRO; CHAMPAIGN, IL – 2015 - 2017

Dependable and punctual for early morning shifts. The only employee to train and know each position, including kitchen and sales positions. Declined management opportunity due to other career goals.

TEACHING ASSISTANT, UNIVERSITY OF ILLINOIS; CHAMPAIGN, IL – 2012 - 2014

Taught two sections of a beginners studio while attending as a grad student. Wrote and followed my own lesson plans. Kept my own attendance and grading records. Was rated as an excellent instructor by my students.
